

# Greenwich Park

## Trial a full-time closure of the Avenue to vehicle traffic

To better preserve the park's special qualities and enhance the visitor experience for generations to come, we will seek to trial a full-time closure of the Avenue to vehicle traffic.

### Car parking and vehicle access

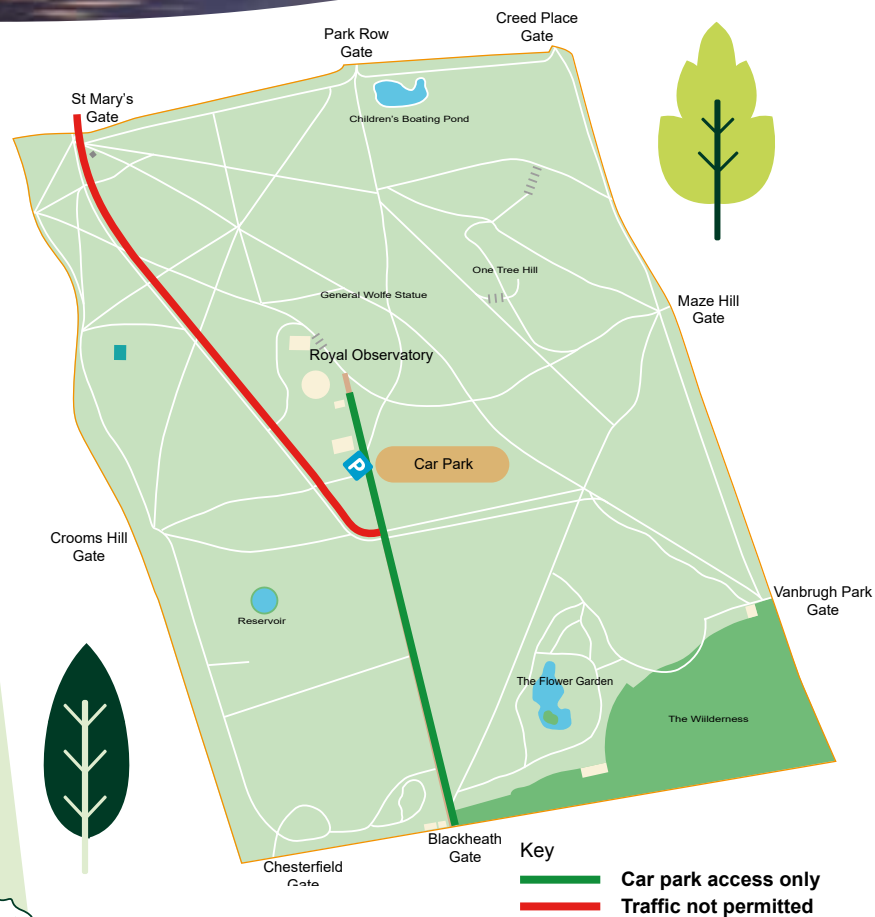

Visitors will still be able to drive to the park and the parking provision will be unaffected.

This parking will only be available to access from Blackheath Gate.

We are committed to undertaking a 6-month trial of these road closures. Over this 6-month period, we will measure and monitor these trials. This will include:

- In-person park visitor satisfaction surveys (where possible due to Covid-19 restrictions)
- Attaining park stakeholder feedback
- Evaluation of the external implications of our trials in partnership with relevant transport authorities (TfL and local boroughs)
- A formal consultation with all park visitors, residents and stakeholders

All feedback received during this time will be taken into account to determine the final outcome of the trial. The charitable objects of The Royal Parks will also be taken into consideration.

### Key Dates

Trial start date: 15 August 2020

Consultation dates: November 2020 – December 2020

Trial Conclusion: February 2021

### Stay up to date

To ensure that all park stakeholders are informed of the process and progress of each project, we recommend signing up to the Movement Strategy mailing list through our website
